# CONFERENCES AND MESSAGES

All conferences are available in a four day, weekend, or one day format. Any part of a conference may be presented as a message.

## ***The Wake Up Call***

Nearly 2,000 years ago Jesus asked, “How is it you do not discern this time?” The time we live in requires revival before it is irrevocably too late. This conference addresses what it will take for that to happen in individuals, churches, and our nation. Christians are urged to return to a fundamental understanding of the holiness of God’s character and the implications that has for us to repent.

Learning objectives are heavy on themes relating to God’s standards, our accountability, and the hope of revival. They include:

- The holiness of God and the accountability of grace
- That judgment begins with the house of God
- How to recognize the biblical signs of God’s judgment (of which we are currently experiencing almost every one)
- The three things that God is primarily holding us accountable for
- How we are to respond in repentance and humility
- Three expectations of how God works in a nation related to revival
- How to respond when God opens a door for revival
- That there is hope and encouragement for revival

Participants will be taught the basics for preparing our hearts to seek God; how to let the word of God and the Holy Spirit keep the heart tender toward God.

## ***Prayer***

This conference trains participants how to walk in consistent fellowship with God through a dynamic personal prayer life. Learning objectives include:

- Knowing what causes us to connect with God in prayer
  - Knowing God’s purpose for prayer
  - Why God does or does not answer prayer
  - How to conduct a quiet time alone with God
  - Praying from a God-centered perspective instead of a self-centered perspective
  - What it takes to mature in prayer
- Participants will learn biblical concepts and patterns, and they will practice prayer.

## ***Praying Together***

This conference is designed to train a church or small group to pray together in such a way that they connect with God like the early disciples in Acts. Learning objectives include:

- Knowing why Christians *must* pray together
- Knowing the unique differences between praying alone versus together
- Knowing how to pray for God’s kingdom not just the sick
- Having a reference point for changing a prayer meeting

Participants will learn biblical concepts and patterns, and they will experience a prayer meeting.

## ***Walking By Faith***

This conference trains individuals to walk by faith with God. It teaches the role faith plays after we are saved. Learning objectives include

- Understanding the importance of conducting a faith relationship with God after salvation
- The process of how God develops a lifestyle of faith
- How God accomplishes His will through our faith
- What waiting on God looks like and how to do it practically
- The rewards God gives because of our faith

Participants will be given practical exercises to apply faith to their walk with God

## ***Spiritual Warfare***

This conference gives Christians a biblical understanding of spiritual warfare. Participants will learn

- How to interpret spiritual warfare from a God-centered perspective
- God’s three main purposes for spiritual warfare
- A balanced approach to warfare
- Schemes and temptations Satan uses
- The difference between the voice of God and the voice of Satan
- How to evaluate biblically some of the popular teachings of spiritual warfare today.

Participants will learn how to respond when experiencing spiritual warfare

The purpose of John Franklin Ministries is to fan the flames God requires of churches and individuals to experience revival and spiritual awakening. Toward that end this ministry provides conferences and printed resources.
